MORNING MEETING ACTION ITEM

TO: All Members of the Executive Committee

Executive Director asked each Executive Committee member to consider now procedures which can be set into motion to facilitate briefing the Director upon his return (on or about 9 July). After some discussion it was decided that cabled items destined for the Director's information in Europe should be in General Cushman's office for review by 4 p. m. each working day. Executive Director observed that hopefully such items will be few and restricted to matters of major importance. With respect to papers, memoranda, etc., which should be reviewed by the Director upon his return, it was observed that events often overtake what seems to warrant the Director's attention. Therefore each Executive Committee member was asked to save such items which appear to deserve the Director's attention and to forward them to General Cushman or the Executive Director's office as appropriate shortly before the Director's return.

Remarks:

Tom:

Would you please have someone get in touch with [] on precisely how we will handle cables destined for the Director. I realize that if we transmit shortly after 4:00 PM, we will awaken some communicator and run the risk of disturbing the Director at some unreasonable hour. The 4:00 PM deadline for cables to General Cushman for the Director may still be reasonable in that he can review the material and simply forward the message to the Cable Secretariat with the caveat that it be transmitted at an appropriate hour of the following morning.

MORNING MEETING ACTION ITEM

TO: DD/I

The Director opened the meeting by asking [] what responsibilities the Watch Committee has with respect to a possible Soviet/ChiCom clash on their border area. [] replied that the situation is certainly within the Watch Committee's cognizance. The Director emphasized that the situation deserves very careful attention and asked that the Watch Committee report on it regularly in its publications.

hold the view that the Soviet Union is planning a preventative war against Communist China. D/ONE commented that some time ago he and others had an informal session with Marshall Green to consider an earlier paper on the Sino/Soviet border dispute. The Director asked that this situation be given very careful attention and that we publish regularly on it. In passing, the Director noted last night's editorial in the Washington Star, "A Sino-Soviet War?"
